REPLY COMMENTS TO COUNTERPROPOSALS

Arkansas Wireless Co. (Wireless), by counsel and pursuant to the Public Notice (Report No. 2335), released June 9, 1999, hereby submits its Reply Comments to the Counterproposals made in this docket by Wireless and Tichenor License Corporation (Tichenor).

Wireless submitted its counterproposal in response to the Petition for Rulemaking filed by Panther Broadcasting of Louisiana and proposed that Channel 285A be allocated to Reeves, Louisiana instead of to Pitkin, Louisiana as Panther had requested. Tichenor counterproposed a number of amendments to the Table of Allocations and changes to its stations KOVA, Rosenberg, Texas and KLTO, Galveston, Texas.

In its earlier filed Reply Comments, Tichenor questioned whether Reeves, Louisiana was an appropriate community for the allocation of FM service.¹

¹ Reply Comments of Tichenor License Corporation, April 13, 1999 submitted in this proceeding.

Wireless' proposed service to Reeves, Louisiana would be a first service to that community. Reeves is a census-designated place which, as indicated by Tichenor in the attachments to its Reply Comments, has a mayor-council form of government and a police and fire chief². As the Declaration of Miranda Fontenot, attached as Exhibit A, explains, Reeves now also has a City Attorney.

Although small in size, Reeves is a community within the FCC's definition and deserves to be considered for radio service. The fact alone that the community has elected officials and a governmental structure indicates that the residents feel a sense of community involvement and a desire to distinguish themselves from the surrounding area.

Ms. Fontenot's Declaration and the excerpt attached as Exhibit B from the local telephone directory indicate a number of commercial, social and governmental operations in Reeves. Reeves' commercial operations include: Pioneer Motors; Taylor's Country Grocery; CP Air Conditioning & Electrical Service; Country Parlor; Jackson's Contract Pumping Service; Reeves Farm and Building Supply; and Whistle Stop Video.

Reeves municipal operations include City Hall, a Fire Department, and a Post Office. Texas Eastern Gas also has a location in Reeves.

Reeves also has several religious groups located in the community and listed in the telephone directory including: Bible Conferences and Ministries and Reeves Bible Church.

² Id. at p.3.

Like any community, its merchants and organizations serve more than just Reeves, but the presence of this number of commercial outlets in a small location is indicative of the fact that Reeves is a community for FCC allocation purposes.

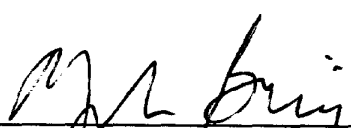

Wireless believes that Reeves should be preferred over Pitkin for the channel allocation and, as a first service, over the changes proposed by Tichenor.

Wireless intends to apply for Channel 285A if it is allocated at Reeves, Louisiana.

Arkansas Wireless Co. requests its Counterproposal be granted and Section 73.202 of the Commission's Rules be amended to specify allocation of Channel 285A to Reeves, Louisiana as that community's first aural service.

Respectfully submitted,

ARKANSAS WIRELESS CO.
